Reason for Allowance

3. The prior art made of records does not teach or fairly suggest the combination of elements as indicated by the Examiner's amendment, as recited in independent claim 1. More specifically, the prior art of records fails to fairly teach the steps of

"wherein said at least one header object comprises:

a descriptor for information classification;

a FILEINFO field storing file information;

an AUDIOINFO field storing audio media information;

a VIDEOINFO field storing video media information;

an OFFSETINFO field providing positional information on said at least one data object and said at least one key object in the same file; and

a CLIPINFO field storing additional user information;".

The dependent claims, being definite, further limiting, and fully enabled by the specification and are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should
